

BSI presented a poster titled, "A 1% and 1 cm Perspective Leads to a Novel CDOM Absorption Algorithm," at the 2012 ASLO Aquatic Sciences Meeting in Shiga, Japan, in July. The poster session, which is based on data obtained with BSI's [C-OPS](#), was presented by BSI staff and one of the coauthors, Dr. Stanford Hooker, of NASA's Goddard Space Flight Center in Greenbelt, Maryland.
